

## MILITIA TO MARCH IN G. A. R. PARADE

General Harvey Issues Orders  
for Participation of District  
Guardsmen in Event.

Brigadier General Harvey, of the District National Guard, has issued orders for the participation of the local citizen-soldiers in the G. A. R. parade on September 29. The militiamen will serve as an escort to the citizens of Washington at the head of the parade.

Following is the order issued by General Harvey:

"Companies, separate organizations, battalions, and Third Infantry will assemble near the Peace Monument in the following order not later than 8:30 a. m., reporting their arrival to the adjutant general: Brigadier commander and staff, Third Infantry, First Separate Battalion, Naval Battalion, Hospital Corps, Battery A, Field Artillery, Signal Corps Company.

"Dress uniform will be worn. For officers dismounted, black shoes (high top); for enlisted men dismounted, russet leather shoes.

"Each organization will be inspected by its commander before the general assembly, and any officer or man not in proper uniform or not presenting a creditable appearance will not be permitted to parade.

"All commanding officers will report at brigade headquarters at 8 o'clock on the evening of September 28, 1915, to receive any special orders that may be given.

"This duty will be without pay. Government employees will be furnished certificates of service for the duty performed under this order."

## Quizzes to Be Held for Engineering Positions

A large number of engineering jobs in the valuation bureau of the Interstate Commerce Commission are to be filled by competitive civil service examination October 20. The vacancies are in seven classes, and pay from \$1,000 to \$1,600 a year.

The men wanted are junior telegraph and telephone engineers, a junior structural engineer, a junior architect, a junior signal engineer, a junior mechanical engineer, a junior electrical engineer, and a junior civil engineer.

An examination is also to be held October 30 for an assistant in poisonous plant investigations in the Department of Agriculture.

On October 19, an examination will be held to secure eligibles for appointment as engineers in the bureau of roads, Department of Agriculture.

## Sees Antagonism of Masses Toward Church

At the Union Methodist Episcopal Church last evening, the Rev. John MacMurray spoke of the antagonism which seems to exist between the Christian church and the workingmen. He said that this antagonism toward the church was due to the attitude of the church toward the masses of men for nearly fifteen centuries.

The Rev. Mr. MacMurray pleads that church members "aid working men and women to realize the conditions of happiness, good will, and brotherhood that God intends shall be the earthly lot of all His children, and which His Son instructed and commissioned men to announce everywhere."

## Headquarters of Army And Navy Union Here

For the first time in the history of the Army and Navy Union, U. S. A., the headquarters of the organization will be established in Washington. At the national encampment of the union in Atlantic City which closed yesterday, Gen. H. Oden Lake, of Washington, was chosen national commander, and Charles F. Rousseau, of this city, was chosen quartermaster. Throughout General Lake's term of office, two years, headquarters of the union will be in Washington.

Swift & Company's sales of beef in Washington, D. C., for the week ending Saturday, September 18, 1915, averaged as follows: Domestic beef, 10.97 cents per pound.—Adv.

Section, "The Office Boy".....Englander  
Finale, "Good Bye".....Englander  
"The Star-Spangled Banner."

## DANIELS PLANS FOR NAVAL LABORATORY

The new naval advisory board has been asked to formulate ideas for an experimental and research laboratory for the Navy Department. Secretary Daniels asks the members to be ready with their ideas when the board meets next month.

"In addition to securing the advice of the most famous inventors of the country and in organizing in a practical and efficient way to get such advice," said Mr. Daniels, "I intend greatly to develop the resources of the Navy Department itself and to increase largely its facilities for experimental work in the line of developing unperfected inventions."

"The department possesses, in the chiefs of the three bureaus of construction, steam engineering and ordnance, and in the officers assigned to those bureaus, men splendidly qualified to carry to perfection any novel ideas and to originate many improvements of their own."

"As a matter of fact, the work along those lines that is now being done under the greatest possible handicaps by the navy's own officers would surprise the public were it expedient to reveal improvements of a more or less confidential nature. The navy has, however, been seriously handicapped by the lack of an adequate central establishment where the ideas of its own officers, as well as those suggested by civilians, could be taken up and patiently developed in the same way that such ideas are handled in great manufacturing establishments."

## Motorcyclist Is Injured As Machine Skids on Road

While attempting to pass an automobile on Bladenburg road last night the motorcycle of Victor Dessez, 340 Eleventh street southeast, skidded and threw him violently to the ground. At Casualty Hospital he was treated for lacerations of face, arms, and legs. The machine was badly damaged.

## WOMAN'S NAVY BODY PLANS WORK AT G. A. R.

Special Committee Appointed to  
Promote League's Interests  
Among Delegates.

The Woman's Section of the Navy League, of which Mrs. George Dewey, wife of Admiral Dewey, is a member, is planning to do some special work among the delegates of the various women's organizations of the G. A. R.

A special committee has been appointed to arrange for this work, including Mrs. Ada Weiss, president of the Loyal Legion of Washington; Mrs. John A. Logan, Mrs. Mary S. Lockwood, Miss Grace M. Pierce, Mrs. Vylla P. Wilson, and Miss Mary Baker, daughter of Congressman J. Thompson Baker, of New Jersey.

Mrs. Dewey has shown a deep interest in the Woman's Section since its founding, and her interest is shared by army and navy women in general. An invitation to all women of the section is extended by the executive committee. Pledge membership blanks may be obtained by writing to the membership secretary, Woman's Section, Navy League.

Among the army and navy women who have joined the section are the following:

Mrs. Robley D. Evans, widow of Rear Admiral Evans; Mrs. Reynolds Thomas Hall, wife of Rear Admiral Hall, and president of Society of Spouses; Mrs. Yates Stirling, Baltimore, wife of Rear Admiral Stirling; Mrs. Bradley A. Fiske, wife of Rear Admiral Fiske; Mrs. N. E. Mason, wife of Rear Admiral Mason; Mrs. Hugo W. Osterhaus, wife of Rear Admiral Osterhaus; Mrs. Frank Beatty, Norfolk, wife of Rear Admiral Beatty; Mrs. U. R. Harris, wife of Rear Admiral Harris, and Mrs. Charles H. Stockton, wife of Rear Admiral Stockton.

## Typos Thank Seibold For Holiday Efforts

George G. Seibold, secretary of Columbia Typographical Union, No. 101, and the members of the committee which recently placed a request before President Wilson asking a half-holiday on Saturdays throughout the year for workers in Government employ, were tendered a vote of thanks for their efforts, at a meeting of the union yesterday.

The union voted to ask the Baltimore union for the privilege of entertaining for one day the delegates to the convention of the International Typographical Union, which meets in the Monumental City next August. Three new members were initiated and two applications for admission to the Union Printers' Home and two applications for old age pensions were approved.

## Mr. Asquith Does Not Interfere With His Aids

LONDON, Sept. 20.—Mr. Asquith, it is said, betrays none of the wear and tear which play havoc with the more mercurial temperament of Mr. Lloyd George. The reason is not far to seek. The P. M., as he is called by his intimates, leaves every department to be run by its own chief. He interferes with nothing which is not brought to his attention by a cabinet minister.

His main interest lies in the region of finance, and the minister he sees oftenest is Mr. McKenna. But the hobby of the P. M. is the committee of imperial defense. Of all his colleagues the one who gives Mr. Asquith most pleasure is Mr. Balfour, and the two often dine quietly together. His health is excellent, and so are his spirits. In private his optimism as to the outcome of the struggle is even more pronounced than in his speeches.

## Seeks \$60,000 School.

The Rev. Eugene McDonnell, rector of Converse College and pastor of St. Aloysius Church, plans the construction of a new building for a girls' high school to cost \$60,000. Already nearly 600 girls are registered for the current year, and the present quarters are inadequate.

## CAMP EMERY TO BE CITY UNDER ONE ROOF

Construction Work Complete  
and Decorations for Veter-  
ans Begins Tomorrow.

Formally inspected by the representatives of the building inspector's department of the District, the construction work at Camp Matthew G. Emery, First and B streets northwest, was officially declared perfect today and the active work of preparing the camp for occupation by the armies of the G. A. R. began under the direction of Director General Harry Standford.

Camp Matthew G. Emery is one of the most curious combinations of meeting places, rest rooms, recreation establishments, and a restaurants to be found anywhere in the country. Director General Standford promises that when the camp is turned over to the veterans it will be a complete city.

The work of clearing out the lumber, tearing away the old partitions and construction left by the old Census Bureau has been completed.

## Fire and Police.

The fire department of Camp Emery, which will consist of one complete fire company of the District, is ready to begin business. Firemen were at work this morning testing and recharging all the hand fire apparatus and extinguishers. There are numerous standpipes built into the building which have been carefully tested and brought into a perfect state of repair. There will be fifty odd fire extinguishers placed at convenient points in the building. The fire marshal declares that Director General Standford has enough fire fighting appliances and forces on hand to withstand a city blaze.

The police station of the camp has been prepared for the detail to be assigned yesterday at the Church of the old Census Bureau has been completed.

## Commercial Arrangements.

The commercial arrangements are being handled by Director General Standford. The District government has decreed that nothing shall be sold from pushcarts or temporary stands within 300 feet of the camp in order to protect the business of the camp "retailers."

Director General Standford has arranged to establish stands for these "retailers" in the parking spaces on either side of the main entrance. The matter of arranging for the necessary permits and issuing the concession cards, together with the allotment of the space, promises to be a big job.

The sale of souvenirs, lemonade, candy and popcorn is expected to bring in a large revenue, and there is a likelihood of keen competition for space.

The same corn which was his neighbor in the civil war days. The groupings of the corn have been made in accordance with the organization of the armies. Tomorrow will begin the actual decoration with more than 1,000 flags, bunting, and electric lights.

## Russian Workmen Are Warned Against Strikes

PETROGRAD, Sept. 20.—General Proloff, commander of the Petrograd military district, has issued an appeal to workmen to refrain from strikes. He quotes the declaration of General Ruzsky, commander-in-chief on the northwest front, that strikes in works preparing military stores are treason.

Russian military successes in the southwest are exerting a reassuring effect in Kiev. General Ivanoff has ordered land owners and peasants to sow grain as usual. The duma deputies from Kiev have received assurance from Minister of War Polivanoff that Kiev and the surrounding districts are in no danger and that there is no reason for their evacuation.

## Fr. Williams Welcomed Back by Friends Here

The Rev. Thomas David Williams, rector of St. Anthony's Church, of Brookland, who has returned to his pulpit after a three months' absence following a breakdown in health last June, was the recipient yesterday of congratulations from members of his congregation and friends from all parts of Washington.

The pastor's friends among the clergy extended greetings last week, when Father Williams attended the annual retreat of priests in Baltimore.

## New Assistant Comes To Covenant Church

The Rev. H. C. Warren, who was graduated in the spring from the McCormick Theological Seminary at Chicago and was ordained at his home church in Swarthmore, Pa., last week, assumed his duties as minister's assistant yesterday at the Church of the Covenant. He succeeds the Rev. Howard Hannaford, Mr. Hannaford next month will leave for Japan as a missionary.

## Dr. Clayton Speaks at Epworth League Rally

The members of the Brightwood Park M. E. Church attending the Epworth League rally held last night were addressed by the Rev. Dr. James B. Clayton.

Brief addresses were also made by George L. Connor and William B. Wilson, first and second vice presidents of the league, respectively.

The benediction was pronounced by the Rev. Dr. Cole.

## Young Hebrew Women Plan Entertainments

Two entertainments are to be given by the Young Women's Hebrew Association, a Halloween masquerade ball and a play and dance.

Arrangements for the two affairs were discussed at a meeting of the junior auxiliary yesterday at the association club house.

It was decided to meet the first and third Sundays in each month. The next meeting will be held October 3.

School Books, Second-Hand and New. Lowermilk & Co., 1425 F. Ave.

## Ancient and Honorable Artillery Coming Here

The Ancient and Honorable Artillery Company of Massachusetts, the oldest military organization on the Western Hemisphere, will be in Washington on October 2, en route to Richmond, where, on October 3, it is to be entertained by the Richmond Light Infantry Blues, another famous organization, at a barbecue.

The Ancient and Honorable Artillery was organized in 1638, and has been in continuous existence since that time. Every year the members of the organization, who are business men of great wealth and social prominence, take a trip to some historical place. Two years ago they went to London and created a sensation with their flaming red uniforms, high fur hats, and other trappings and their snappy drill. They go to Richmond in October to return a visit paid them three years ago by the Blues, whose organization was founded more than 100 years ago.
